Spread the Word, Not the Germs

with Henry's

HAND HYGIENE LEARNING CENTER

Henry's Hand Hygiene Learning Center is a comprehensive hand hygiene behavior change program that incorporates a sink! It is portable and is easily moved from the classroom to the cafeteria, playground or any other location. It brings handwashing to any place where it is needed. Henry's Hand Hygiene Learning Center draws attention to and encourages more frequent handwashing- which has been proven to reduce absenteeism in schools.

The Hand Hygiene Learning Center is a complete behavioral change package. It includes:

- Soap dispenser
- Paper towel dispenser
- Visual steps of handwashing
- Infection Prevention Tool Kit in the Classroom

Why it is effective:

- Conveniently portable: can be placed at critical “point of use” locations
- Can help prevent spread of germs within a classroom & school because it encourages more frequent handwashing
- *Self-explanatory* handwashing steps, regardless of reading capability
- All necessary handwashing tools attached to center
- Incorporates several aspects of *planned behavior theory*
- Incorporates many aspects of the *RANAS* strategy

FAQ

Q: Why is Henry’s Learning Center better than other portable sinks?

A: It has both visual explanation and all the necessary tools to change handwashing behavior.

Q: What sites will it benefit?

A: Daycares, elementary schools, community centers and other community activities.

Price of Henry’s Hand Hygiene Learning Center: \$2,500.00
